

BOILERS STEAM & HOT WATER

PVI COMMERCIAL WATER HEATERS

PVI TURBOPOWER

Hot Water Capacity: 75 to 4500 Gallons
Up to 9.6 MM BTU/Hr. Input

Natural Gas Burners
Propane Burners
Oil Burners

PVI VERTICAL FIRETUBE WATER HEATING EQUIPMENT

Hot Water Capacity:
Power VT up to 250 Gallons
Maxim 90 to 250 Gallons

Natural Gas Burners
Propane Burners
Low NOx models available

Power VT®

MAXIM

**PVI
Power VT Water Boiler**
High efficiency hydronic boiler.

11 to 28 BHP

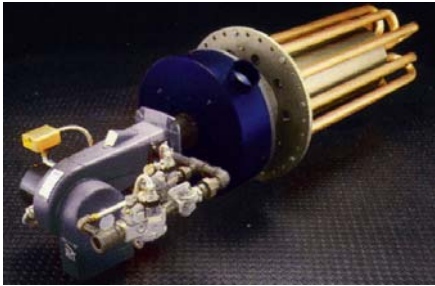

PVI TURBOPOWER BOILERS

Water or Steam
50 to 200 BHP

Natural Gas Burners
Propane Burners
Oil Burners
Combination Burners

For prices on products or parts call us at 623-847-4788 or FAX 623-847-2386

PVI
Gas— Oil Heat Exchanger for Field Installation

Heat exchanger and flange assembly for installation into existing vessels

Up to 3.2 MM BTU/Hr. input
Bolt on two pass exchanger

PVI
CLASSIFIED AREA ELECTRIC WATER
HEATER
DURAWTT EXR ELECTRIC Water Heater

Hot Water Capacity: 40 to 500 Gallons
26 to 328 GPH recovery
480/3/60 or 240/3/60 electrical power

PVI INSTANTANEOUW STEAM WATER HEATER

ISX Instantaneous Water Heater—Indirect fired

Without electricity or pneumatic controls
Output temperatures 80 to 185f
Delivering 15 to 90 gpm
5 to 150 psi steam

PVI STAINLESS STEEL INSTANTANEOUS
GAS FIRED WATER HEATER
SaniSteel /Water Heater designed to provide sani-
tation temperature (185F) water up to 38 gpm
instantaneously.

Up to 3.2 MM BTU/Hr. Input
250 gallon storage capacity.
